MS BUSINESS ANALYTICS

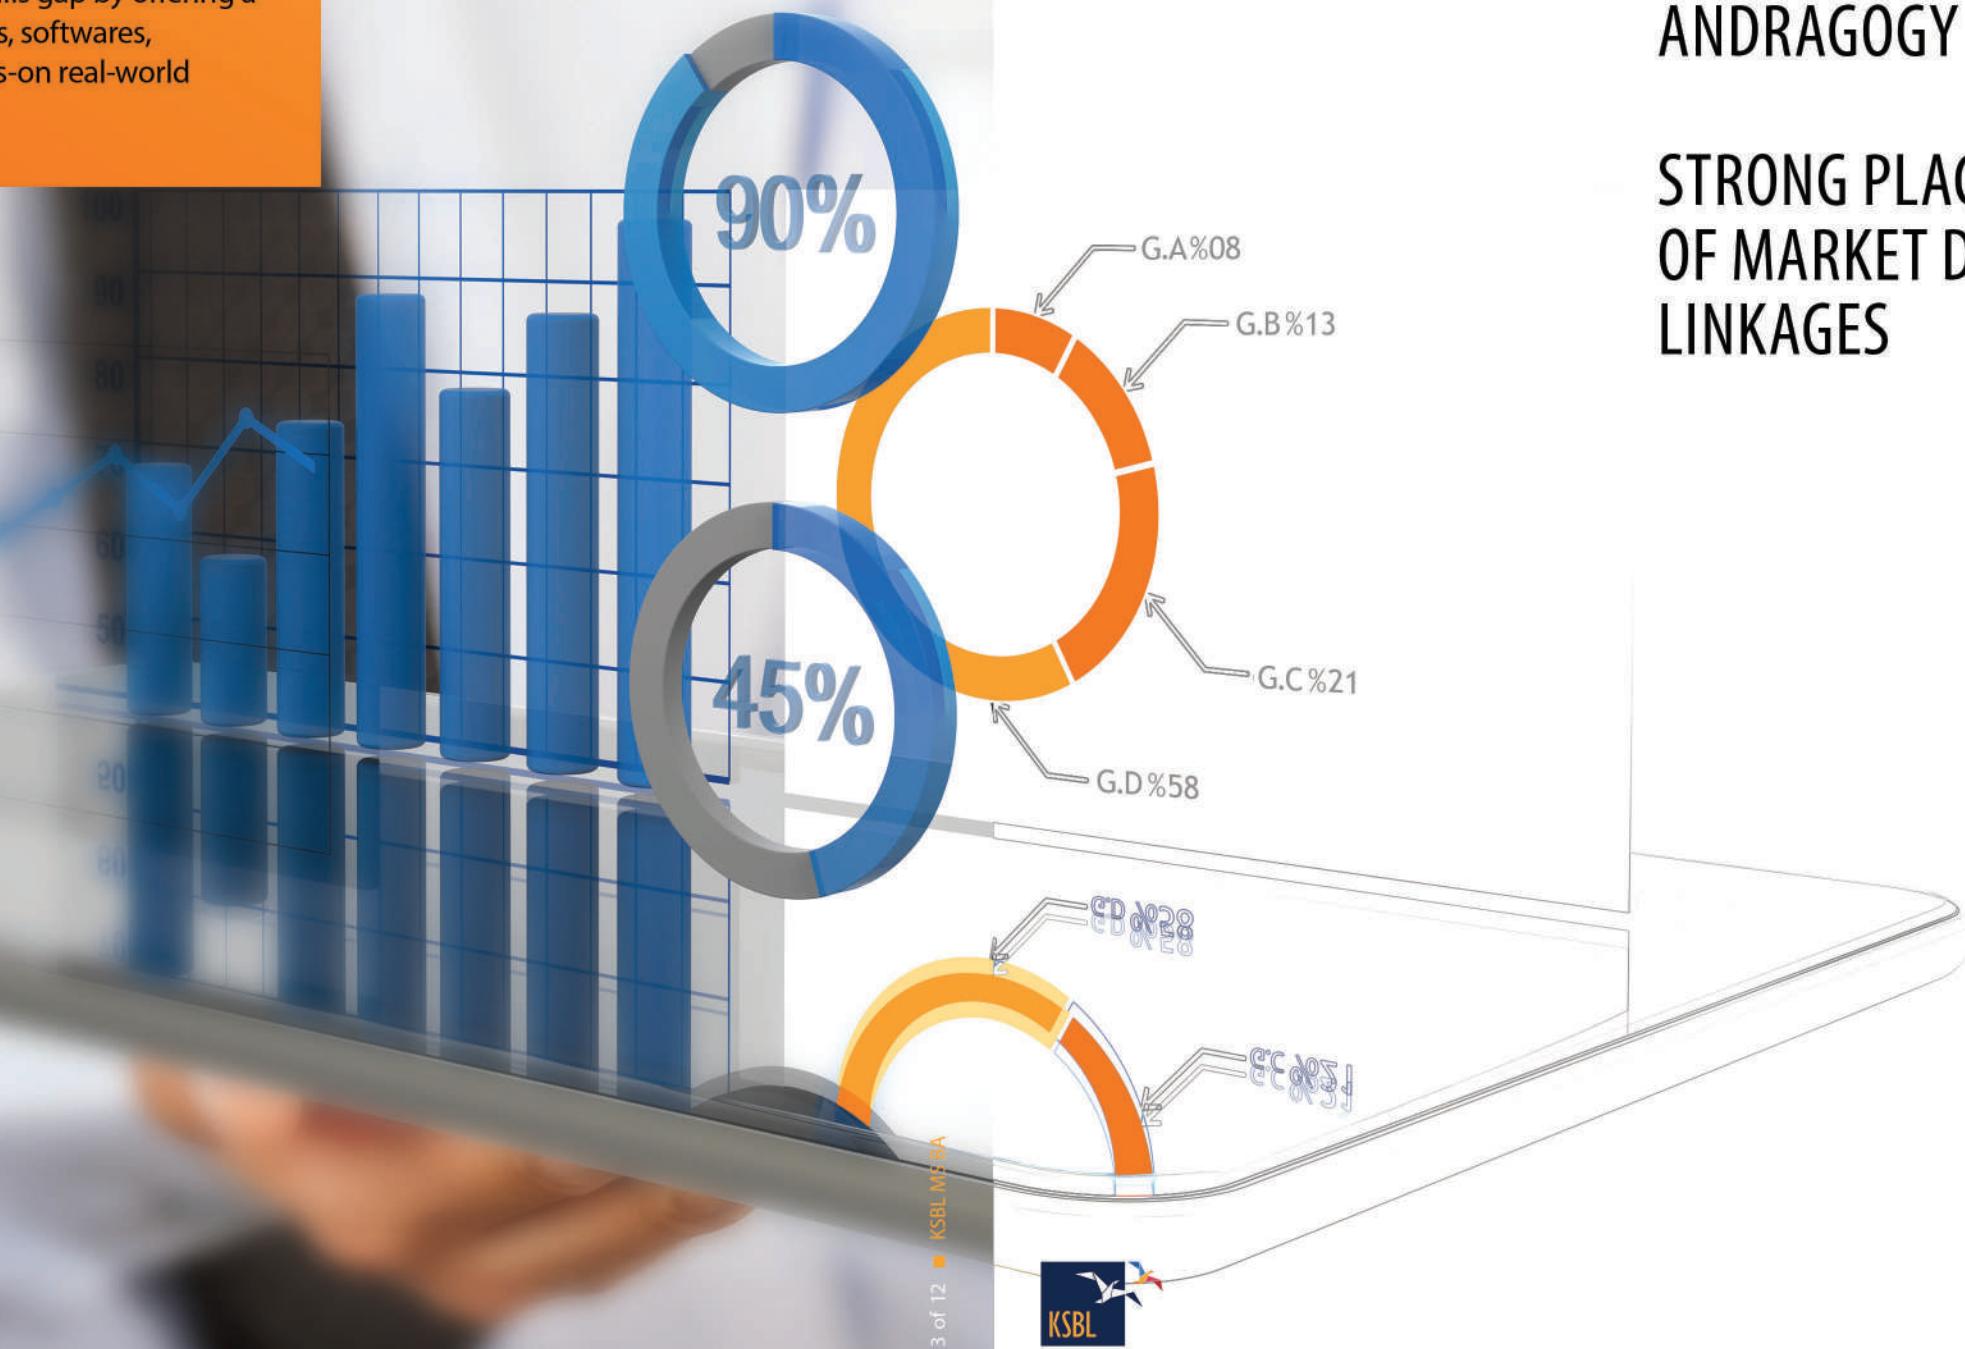

With the evolution of new data sources stemming from digitization, the industry requires a skill set with an in-depth understanding of the applications of data. Data is truly harnessed when analytics are applied, insights are drawn, and decisions are made. MS Business Analytics at KSBL takes a skills-based approach to applying latest techniques in data analytics for generating insights for businesses, enabling data-driven decision-making in a technology-driven environment. Our cutting-edge program fills the skills gap by offering a combination of technical tools, softwares, business education and hands-on real-world problem solving.

WHY STUDY BUSINESS ANALYTICS AT KSBL?

KSBL provides a unique ecosystem that enables hands-on learning using case studies, real life projects and latest research. The transformational nature of business analytics makes this program relevant for professionals from all sectors, industries, and regions. As data savvy graduates increasingly become sought-after, the program offers immense potential in the workplace of the future.
